LEADER/CLLD

Welcome to the section of the EU CAP Network website dedicated to LEADER/CLLD, the most successful policy tool for community-led local development (CLLD) in the EU!

We've designed this space to make it easier for you to find relevant information about LEADER/CLLD.

Click on the links and icons below to learn about the policy framework for the LEADER programme (including a bit of history), the EU CAP Network's activities in support of LEADER (networking, knowledge gathering and sharing), and to find news and events about LEADER.

LEADER LAG Directory

The EU CAP Network LAG Directory brings together in one place the contact details for the new LEADER Local Action Groups (LAGs) created in the 2023-2027 programming period.

[Browse LAGs](#)

The aim of providing information on EU Local Action Groups (LAGs) is to help local, regional and national stakeholders make contact, network and cooperate with each other. In addition to searching for LAGs by Member State, LAGs can now be searched for by the key themes, linked to their Local Development Strategies (LDS), that will be the focus of their work.

More contact details will be included in the LAG Directory as they become available. This is the first phase of the LAG Directory, further information and functionalities will follow in the coming months.

If you have any questions please contact us at LEADER@eu-cap-network.eu

LEADER Transnational Cooperation (TNC)

Through LEADER TNC, rural areas in different countries can jointly develop and share new solutions to common issues. Find out the tools developed by the EU CAP Network to support your TNC experience.

LEADER Transnational Cooperation (TNC) is an effective mechanism for helping rural areas in different Member States or third countries to jointly develop and share new solutions to common issues.

LEADER TNC encourages and supports Local Action Groups (LAGs) to undertake a 'joint action project, with another LEADER group, or with a group taking a similar approach, in another region, Member State, or even in a third country. The ambition of LEADER TNC is to help local actors in the potential of their areas.

The EU CAP Network has developed a series of tools to support your TNC 'journey': **a practical guide to TNC, TNC Factsheets and a TNC Partner Search.**

All these tools are presented below and will be continually developed and adapted over time, with input from you, our stakeholders.

This page will be complemented with other tools and resources as they become available. Keep checking regularly to see what's new!

For regular updates, [read our dedicated LEADER Newsletter](#) and make sure you [subscribe](#) to the next editions.

For any questions, please contact us at leader@eucapnetwork.eu.

LEADER TNC tools

TNC – A practical guide

The EU CAP Network has created a practical guide that aims to provide advice, tips for planning and step-by-step implementation of LEADER TNC projects under the CAP Strategic Plans (CSP) 2023-2027.

[Read and download the guide](#) >

TNC Factsheets

Local Action Groups (LAGs) are now exclusively responsible for selecting TNC projects. The rules and eligibility criteria related to TNC can vary between Member States, as well as between regions within a Member State. To help you understand these rules, the EU CAP Network has created a series of Factsheets that can help you when looking for TNC partners.

[Browse Factsheets](#) >

Partner Search

Our TNC Partner Search will help you find LAGs who are actively interested in cooperation or who have provided more details through specific cooperation offers. The tool is currently under development.

For the time being we invite you to explore the LAG Directory to find the contact details for the new LEADER Local Action Groups (LAGs) created in the 2023-2027 programming period.

TNC Factsheets

Local Action Groups (LAGs) now are exclusively responsible for selecting Transnational Cooperation (TNC) projects. The rules and eligibility criteria related to TNC can vary between Member States, as well as between regions within a Member State. To help you understand these rules, the EU CAP Network has created a series of Factsheets that can help you when looking for TNC partners.

The TNC Factsheets describe how TNC is implemented in each Member State, or at regional level (where relevant and made available by the Member State). Click on any country flag to access the relevant TNC Factsheets and find applicable rules and eligibility criteria for LEADER TNC.

The pages are regularly updated with new information as it becomes available from Member States.

As with all pages on the EU CAP Network website, the information in the TNC

Factsheet pages can be translated to 24 EU languages using the “Translate this page”

function accessible at the bottom of the page. You can also print the TNC Factsheets (or any page of this website) or save them as pdf files using the right-click function of your mouse.

For any questions or updates, please contact us at leader@eucapnetwork.eu.

TNC Factsheet - Finland

CAP Implementation > LEADER > CAP Strategic Plans >

This page provides information on rules and eligibility criteria relating to transnational cooperation (TNC) projects in Finland.

General information

Detailed information about eligibility criteria

Financial information

This Factsheet describes the rules for LEADER TNC in Finland.

The information can be translated to all EU languages using the “Translate this page” function at the bottom of the page. You can also print the TNC Factsheet (or any page of this website) or a pdf file using the right-click function of your mouse.

For any questions or updates, please contact us at leader@eucapnetwork.eu.

General information

- > **Local Action Groups (LAGs) could start TNC** in 2023.
- > **TNC themes and priorities in the Local Development Strategy (LDS)** are defined by LAGs as part of their LDS.
- > **TNC budget in the LDS** is defined by the LAGs as part of their LDS.
- > **Calls for TNC projects** are defined by the LAGs and launched according to their own schedule.
- > **Average (planned) time for official approval:** 1-3 months
- > **No list** of possible cooperation themes is published by the Managing Authority.

Detailed information about eligibility criteria

Types of eligible territory and stakeholders

- > **Types of territory that can be covered in a TNC project** include rural and non-rural territories, both in the EU and in third countries.

General information

Detailed information about eligibility criteria

Types of eligible territory and stakeholders

Detailed eligibility criteria

Eligible actions and costs

Required documents to be submitted with an application for a TNC project

Financial information

Eligible actions and costs

- > **Eligible costs related to the following actions for preparatory support:** There is no preparatory support for TNC projects.
- > **Eligible actions for TNC projects**
 - meetings
 - participation in events
 - preparation of publications
 - study visits
 - training
 - joint products
 - joint services
 - joint events
 - website development
 - marketing and promotion
 - local actions directly linked to the TNC project (for example, local events or capacity building for relevant local stakeholders, etc.)
- > **Eligible costs for TNC projects:**
 - share of common costs related to joint publication and/or website
 - rental of venue for meetings and events
 - translation fees
 - interpreters' fees
 - fees of consultancy and expert services
 - catering
 - accommodation
 - travel
 - purchase of equipment for the purposes of the project
 - costs related to dedicated project staff (e.g., joint project manager)
 - expenditure related to local actions directly linked to the TNC project

The use of simplified cost options (SCOs) for TNC: SCOs can be used for the implementation of TNC projects. A flat rate of 19% of the total costs of external services and personnel costs or a flat rate of 40% of the eligible personnel costs of the project.

Required documents to be submitted with an application for a TNC project
